A letter to a jacked up church

Budget update from Marnie our accountant

Pre audited report for 2008

Church

We fell just short of target, making a loss of \$6117. We received \$329021 in ministry income (including \$246358 from member's giving), plus property and sales income (including rectory rental of \$38652). Our expenses were \$373790. This means that before the accounts go to the auditor we stand with a relatively small loss of \$6117

The expenses were offset by the early departure of Cath Semple. In 2009 our expenses will be significantly higher with the arrival of Matt Lemsing and Thora Marsh.

Church Building Fund

In our building fund the income is as follows:

On June 4, 2006 our members pledged a gift between then and June 2009 of \$803,000.

So far we have received:

2006 building fund income \$204126
 2007 building fund income \$153508
 2008 building fund income \$140255

We are hoping to receive the outstanding \$251111 ahead of a June Celebration. As you know there are plans in hand to put the case for a further commitment to pay off the outstanding building fees and second phase mission expenses.

Network ministry to the media

A wider network of people support our outreach ministry to the media industry (workers and students) unfortunately our expenses were much higher than the income we received & we expect to make a loss on the network ministry of between \$16000 - \$18000

Grow up

I Corinthians 3 | Dominic Steele

1 Building God's People

c Servants have unity of purpose

2 Projectile Vomiting

d Servants labor will be rewarded cf 4:5, Matthew 25:21,23

3 Paul and the Corinthians

5 Build for a reward: the survival of your work

a Be careful how you build

4 The builders

b Be careful that you build

a Servants have different gifts,
responsibilities and styles

c Be careful that you don't destroy

b It's God who gives the growth

6 Do not deceive yourselves – no one
should boast in human activity
